Benefits of Sage Cover

Protect Against Price Increase

When SRP prices increase, you are already covered with Sage Cover. One year and discounted multi-year subscription terms allow you to choose the degree of price protection that is right for your business – and help simplify your budgeting.

Protect your investment

Because you are always running the most up-to-date software, you do not need to worry that your business-critical software may become obsolete.

Maximize productivity

Your software will be insured and protected at all times to ensure its efficiency. Thus increase the productivity of your operation.

Save Money

Just a small percentage of your module SRP compared to buying new licenses of new version at full price. Why pay more for new version when you can have it with Sage Cover for less?

Save Time

You need not manually watch out for new software versions. We, Sage and your Business Partner, will notify you on software updates and will make new versions readily available to you as soon as they are released.

Frequently Asked Questions

What is Sage Cover?

Sage Cover is our umbrella brand for comprehensive software service and assurance.

How does Sage Cover minimize cost for my company?

The minimum fee of Sage Cover ensures a continual return of investment by keeping your solutions up-to-date and supported all year round. Thereby ensuring that your system is performing optimally and able to keep up with the dynamics of your business.

Renewing your Sage Cover plan annually, allows you to plan your annual software upgrades budget better and afford to give you the assurance that your software investment will be protected for years to come.

Does Sage Cover protect me from price increase?

Yes! When SRP price increases, you are already covered with Sage Cover. One and multi-year subscription terms allow you to choose the degree of price protection that is right for your business - and can help simplify your budgeting.

Does Sage Cover provide me with technical support?

Yes! Sage Technical support will be provided to you through your Sage Business Partner. Without Sage Cover your Sage Business Partner is unable to get support from Sage Technical team on your behalf.

What is the difference between a software update and a software upgrade?

A software update (also known as a Service Pack) enhances selected software features whereas a software upgrade is entirely new and improved versions of your software.

I recently purchased a Sage Software Solution for the first time. Do I need to subscribe separately to Sage Cover?

When you purchase a Sage Solution for the first time, it includes one year of Sage Cover. At the end of that year we will invite you to renew your Sage Cover subscription and continue protecting your investment.
